## STEEL AGRICULTURAL COUNTERWEIGHT

### COC-S1000

RITCHIE BROS. AUCTION - SAINT-AUBIN-SUR-GAILLON, FRANCE  
 SERIAL No.: F2209-05

|             |                                        |                  |                            |
|-------------|----------------------------------------|------------------|----------------------------|
| Brand       | MASSEPOIDS                             | Reference        | COC-S1000                  |
| Type        | Agricultural three-point counterweight | Nominal weight   | 1,000 kg                   |
| Material    | High-quality steel                     | Construction     | Fabricated steel structure |
| Application | Agricultural tractor ballast           | Toolbox capacity | 54 L                       |

### DESCRIPTION AND CONSTRUCTION

Agricultural counterweight designed to provide ballast mass to the tractor and improve balance during operation. Manufactured from **high-quality steel**, with robust construction and dimensions optimised to provide 1,000 kg of ballast. Designed for professional agricultural use.

### MAIN DIMENSIONS

| Parameter      | Value    |
|----------------|----------|
| A              | 1296 mm  |
| B              | 1135 mm  |
| C              | 751 mm   |
| Nominal weight | 1,000 kg |

Dimensions A, B and C correspond to the dimensional nomenclature used in MASSEPOIDS documentation.

### MATERIAL AND PROPERTIES

|               |                                             |
|---------------|---------------------------------------------|
| Base material | High-quality steel                          |
| Configuration | Robust fabricated steel construction        |
| Design        | Optimised for professional agricultural use |
| Condition     | New product, ready for export               |

### HITCH AND FUNCTIONALITY

Steel counterweight intended for tractor ballasting, with robust construction for demanding agricultural work. Incorporates an **Integrated towing hitch**, providing an auxiliary towing point directly on the counterweight.

### FINISH AND PROTECTION

Finish suitable for agricultural use. Customisation available in different colours and, subject to authorisation, with logos.

### APPLICATION

Agricultural tractor ballast intended to counterbalance implements and loads and improve mass distribution and stability of the tractor-implement assembly. New, unused product.
