

EXTENDED COVERAGE PLANS

- ▶ Protects your most important business investment long after your engine's base warranty expires.
- ▶ Safeguards you from those large, unexpected repair costs as your engine ages, including plans covering aftertreatment.
- ▶ Service at a factory-authorized facility is never far, with more than 750 locations throughout the U.S. and Canada.
- ▶ All repairs are performed by OEM-certified technicians and include a nationwide guarantee on parts and labor.
- ▶ Extended Coverage can be passed on to subsequent owners without fees, enhancing your truck's resale value.

EXTENDED COVERAGE FOR DETROIT ENGINES

DD13 / DD15 / DD16

Keeping your truck on the road longer, operating efficiently and profitably is our greatest priority. Extended Coverage plans for Detroit® engines are designed to prevent downtime and costly repairs by extending your warranty protection for time and mileage above and beyond the factory warranty period.

Multiple time/distance plans are available for up to six years/600K miles for on-highway or 7 years/250K miles for vocational applications. Each coverage level ensures critical engine parts and labor costs are completely covered.

Extended Coverage eliminates potential long waiting times for out-of-pocket repairs to be authorized. In addition, our exceptional parts availability means the engine components you need will be on hand so you're serviced quickly.

Ease your budget challenges by rolling the cost of your Extended Coverage into your truck's monthly payment.
